Kanpur-208002, U.P**

Date: 19th June, 2024

Kind Attn: Mr. Gopal Verma – GM. Projects

Sub: Proposal for Anti Termite Treatment- Pre-Construction to Your Multistory Project at Company Bagh, Kanpur (U.P).

Dear Sir,

This refers to our discussions; we would like to make the following recommendation for your kind consideration as per the detail below-

CONTROL MEASURE:

Based on specific type of structure and constructional details shared with us, Termite Management Service Pre-Construction shall be carried out in the following stage:

(a) Treatment Of Soil Below The Raft: Treatment shall be carried out after the basement excavation is complete, levelled and before laying soling and PCC @ 5 litre / sq.mt of chemical emulsion.

(b) Treatment Along The External Perimeter: Treatment shall be carried out on levelled external perimeter of building by roding holes 300mm deep and at an intervals of 150mm and pouring emulsion @2.25 litre/running meter.

CHEMICAL TO BE USED:

Imidacloprid 30.50 SC (To prepare emulsion for treatment, "2.1ml of Imidacloprid 30.50SC is to be mixed with 01 litre of water").

Contd.-2

SERVICE CHARGES:

Our service charges for Termite Management – Pre Construction service shall be as-

S.N	SERVICE	AREA(SQM)	RATE/SQM	AMOUNT(Rs.)
1.	Termite Management – Pre Construction (Rs. Three Lac Three Thousand Seven Hundred Fifty Only)	6750	45	303750

GST: Extra @ 18%

GST No: 09AAHCI6644Q1ZQ

Mode of Treatment: As per Invokil specification (as above).

Mode of Payment: (i) 75% Advance against delivery of material (Imidacloprod 30.50 SC) on site.

(ii) Balance 25% within 07 days on submission of invoice after completion of treatment below the raft.

Service Warranty:

As the termite treatment to above project cannot be executed as per IS6313 Part II guidelines due to structural specifications, our Termite Management – Pre Construction shall be backed by “**Service**

Warranty for the period of Five years” from the date of start of service, which means in most unlikely condition of re-infestation / reappearance of termites within the contract period, Invokil shall carry out necessary treatment to keep the premise free from termites, free of cost.

Service warranty shall come into force only after the full payment as agreed is received.

***This recommendation is based on information provided to us that No further soil or sand filling is proposed above the raft. In case, any soil or sand filling is done once rafting is completed, the same procedure is to be repeated over the final levelled surface before laying soling and PCC @ 5 litre /sqm of chemical emulsion.**

This specific condition is not included in present scope of work. A separate quote shall be submitted as the case may be.

LIMITATIONS / INVOKIL OBLIGATION*

INVOKIL obligation for management of pest is to keep the said premises reasonable free from their presence. INVOKIL does not give any express or implied warranty or assurance of the pest during the period of this service contract, INVOKIL shall be obliged to carry out the necessary pest management operation without incurring any liability or obligation for any inconvenience, loss, injury or damage that may be caused to the customer or any occupant of or visitor to, the premises or to any property of any such persons due to presence of pest.

We await your acceptance on our proposal. Should you require any further information on above, please feel free to connect undersigned on 8318929228, 9236445599 and we will gladly assist you.

Thanking you,
Yours truly
